DETAILED ACTION

Amended claim 30, filed 7/28/05, is acknowledged.

The information disclosure statement (IDS) filed 7/28/05 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because each reference must be listed separately on the IDS including information such as author, title, source, publication date, and pertinent pages. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

Claims herein under examination are 30, 44, and 61-66.

Applicant's arguments, filed 7/28/05, with respect to claims 30, 44, and 61-66 have been fully considered and are persuasive. The previous rejection has been withdrawn.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The invention directed to a machine readable storage medium comprising a program containing a set of instructions for causing a cell screening system to execute procedures for detecting the distribution of one or more cellular macromolecule of interest between a cell

cytoplasm and a plasma membrane in individual cells which is not found in the prior art before this invention's effective filing date. The lack of scope of enablement rejection for claims 30, 44, and 61-66, mailed 5/4/05, was removed once the control limitation was added to compare with the results from the test stimulus in step (f)(i) of instant claim 30. Because no outstanding rejections remain, the claimed invention is deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
